NOVEMBER STUDENTS OF THE MONTH

Pioneer Career and Technology announces Maddy Secrist and Tucker Alt as November 2017 Students of the Month.

Secrist is enrolled in the Exercise Science/Sports Medicine program at Pioneer. She was nominated by her lab teacher, Mike Millward. She is a junior from Ontario High School and is the daughter of Julie Fellure. As vice president of her lab at Pioneer, Secrist is also involved in HOSA and GEMs, a girls mentoring group at Pioneer. She is a volunteer at Salvation Army and helps to pass out food to the homeless. Secrist is involved in her church's youth group and has gone on four mission trips to Louisville, Kentucky. Coming to Pioneer was a great decision for Secrist. Mr. Millward has changed her perspective about school and how she, as well as others, learn. In the future, Secrist plans to join the Air Force National Guard, then attend college to become a physical therapist.

Alt is enrolled in the Welding program at Pioneer. He was nominated by his lab teacher, Kip Stevens. He is a junior from Lucas High School and is the son of Tina Wells and Mark Alt. Although Pioneer is a lot different than Lucas, Alt enjoys learning a trade. He feels the teachers are nice and the days go fast since he spends 3 hours in his career tech lab. Alt currently works part time at Pinhook Meats. In the future he hopes to be an iron worker or a pipeline welder.

ENGINEERING DESIGN TECHNOLOGY ADVISORY BOARD UNANIMOUSLY APPROVES BENEFIT OF NEW CREDENTIAL

The advisory board unanimously agreed that the CPT+ certification would be of great benefit to students. In order to meet industry and organizational needs the CPT+ certification is more applicable and beneficial to student's knowledge and understanding of engineering related content as it pertains to the industry. This certification would also work great with conjunction with NC State College and their offering of CPT curriculum and would offer additional college credits that the students could earn with the certification. With the recent credential of MSSC for CPT+ for 12 points, the board agreed this would be a better direction for industry and college credit.

BUCYRUS DECA RAISE FUNDS TO ASSIST FAMILY WITH FUNERAL COSTS OF JACIE EVERETT

On September 24, 2017 Bucyrus High School unexpectedly lost a student due to a tragic accident. DECA Vice President, Nic Horsley, had a fantastic idea of creating a quilt made out of Redmen apparel, raffling it off and donating the proceeds to Jacie Everett's funeral cost. The request was announced to students that Bucyrus Spirit shirts were needed and within 24 hours Bucyrus students had donated 70 shirts. Nic Horsley worked with Quilts by Jennifer located in Shelby, Ohio and owned by Jennifer Perdue who was gracious and donated her time to create a 10 x 9 quilt. After several days of selling raffle tickets, \$471 was raised. The winning ticket was posted on the Bucyrus Facebook page live on October 13th. The winner, Deb Norris, generously donated the quilt back to the lost loved one's family. All proceeds from the raffle went directly to Munz-Pirnstill to assist with funeral expenses for the beloved Jacie Everett.
