Corey Rinehart	Northmor	Ismael Gonzalez Ortiz	Willard
Colton Bryant	Ontario	Tessa Hamons	Willard

DECEMBER STUDENTS OF THE MONTH ANNOUNCED

Chloe Klepatzki and Owen Wallace have been announced as December 2017 Students of the Month. Klepatzki is enrolled in the Graphic Arts Program at Pioneer. She was nominated by Bill Dichtl, her lab instructor. She is a junior from Galion High School and is the granddaughter of Joyce and Ted Strutz. At her home school, Klepatzki is a member of the Galion High School Marching Band, the Concert/Symphonic Band and the Pep Band. She is also involved in the leadership team for her youth group at her church and has gone to missionary camp for the past 4 years. Her experiences at Pioneer, whether with the friends she has made or the hands-on experiences she has had in lab, have her excited each day as she enters Pioneer. She attended the fall conference for SkillsUSA and gained leadership and personal skills. Klepatzki will continue to tell everyone she is happy with her decision to choose Pioneer. In the future, Klepatzki hopes to attend North Central State College to pursue a degree in Graphic Arts.

Wallace is enrolled in the Engineering Design Technology Program at Pioneer. He was nominated by Matt Hanning, his lab instructor. He is a junior from Shelby High School and is the son of Theresa and Jeff Wallace. Wallace is the Treasurer of the Shelby FFA and has participated in multiple FFA contests including being a part of a state winning Career Development Event Team.

He has also been involved in the FFA Alumni Pancake breakfast, the community and farmers share breakfast, community trash pickup and is a volunteer for the dog shelter. Wallace is on the Richland County Junior Fair Board and competes with his cattle and goats. He is an avid hunter and fisherman. He works at Shelby Country Club. Receiving college credits in his lab was what enticed Wallace to come to Pioneer. He loves Engineering Design Technology! He loves using all the cool pieces of equipment, especially the plasma cutter. He is so glad he came to Pioneer and can't wait to see what the future brings. Wallace plans to go to The Ohio State University and major in Food, Agricultural and Biological Engineering with a minor in Ag Systems Management. His ultimate goal is to be an Agricultural Engineer.
