6423 - **USE OF CREDIT CARDS**

The Board of Education recognizes the value of an efficient method of payment and recordkeeping for certain expenses.

The Board, therefore, authorizes the use of District credit cards. The name of the District shall appear on each District credit card and check related to a credit card account held by the District. A "credit card account" shall include any bank-issued credit card account, store-issued credit card account, financial institution-issued credit card account, financial depository-issued credit card account, affinity credit card account, or any other card account allowing the holder to purchase goods or services on credit or otherwise transact with the account, and any debit or gift card account related to the receipt of grant monies. The term expressly excludes any procurement card account, gasoline or telephone credit card account, or any other card account where merchant category codes are in place as a system of control for use of the account.

The authorization, handling and use of credit cards has been established to provide a convenient and efficient means to purchase goods and services from vendors. Credit cards, however, shall not be used in order to circumvent the general purchasing procedures established by State law and Board policy. The Board affirms that credit cards shall only be used in connection with Board-approved or school-related activities and that only those types of expenses that are for the benefit of the District and serve a valid and proper public purpose shall be paid for by credit card. However, under no circumstances shall credit cards be used for personal purchases or the purchase of alcoholic beverages regardless of whether the purchase of such beverages is made in connection with a meal. Use of credit cards in an unauthorized or illegal manner may result in revocation of credit card privileges, disciplinary action and/or, where appropriate, may require the user to pay any and all inappropriate charges, including finance charges and interest assessed in connection with the purchase. Additionally, any officer or employee of the District who knowingly misuses a credit card account is guilty of the criminal offense of misuse of credit cards. Violations will be reported to the appropriate law enforcement authorities and any applicable licensure board(s).
