In the event a Board member is employed by a corporation or business which furnishes goods or services to the School District, the Board member shall declare his/her association with the organization and refrain from debating or voting upon the question of the contract. It is not the intent of this policy to prevent the District from contracting with corporations or businesses because a Board member is an employee of the firm. The policy is designed to prevent placing a Board member in a position where his/her interest in the public schools and his/her interest in his/her place of employment might conflict and to avoid appearances of conflict of interest even though such conflict may not exist.

Among the conflicts which law specifically forbids:

- A. the prosecuting attorney or city attorney from serving on the Board of Education;
- B. a Board member from serving as the school dentist, physician, or nurse;
- C. a Board member from being employed for compensation by the Board;
- D. a Board member from having, directly or indirectly, any pecuniary interest in any contract with the Board;
- E. a Board member from accepting a reward, gift, or reduction in price for favoring, recommending, or advocating the introduction, adoption, or use in the school of a textbook, map, chart, or any other school supply;
- F. a Board member, for a period of one (1) year after leaving office, from accepting employment with the Board where such employment was authorized by the Board while s/he was a member thereof;
- G. a Board member from soliciting or using the authority or influence of his/her office to secure employment with the Board;

- H. a Board member from voting, deliberating, participating in discussions, or otherwise using the authority or influence of his/her office to create a position with the School District or to set the compensation for such position where s/he is considering, or is being considered for, employment in that position;
- I. a Board member from having interest in the contract for the purchase of property, supplies, or fire insurance by any county, township, municipal corporation, board of education, or public institution anywhere in the State of Ohio, if such contract exceeds \$150 unless the contract is let by competitive bidding;
- J. a Board member from voting on a contract with that person as a teacher or instructor if s/he is related to that person as father, mother, brother, or sister.

Board members shall not accept any form of compensation from vendors that might influence their decision on the eventual purchase of equipment, supplies, or services. Furthermore, Board members shall not accept any form of compensation from a vendor after a decision has been made to purchase equipment, supplies, or services from a vendor. In addition, Board members shall not enter into a contractual arrangement with a vendor seeking to do business with the District, or a vendor with whom the District is doing business, whereby an individual Board member receives compensation in any form for services rendered. Such compensation includes, but is not limited to, cash, check, stocks, or any other form of securities, and gifts such as televisions, microwave ovens, computers, discount certificates, travel vouchers, tickets, passes, and other such things of value. In the event that a Board member receives such compensation, the Board member shall immediately notify the Treasurer, in writing, that s/he received such compensation and shall thereafter promptly transmit such compensation to the Treasurer.

Nothing herein shall prevent a Board member who attends a conference held by an association of public officials and employees from accepting a meal, or attending a reception or open house, the cost of which is financed by a private party so long as the meal, reception, or open house is: (1) of an ordinary, routine character; (2) at an educational or informational event; and (3) open to all of the public officials and employees attending the event. See Ohio Ethics Commission Advisory Opinion No. 2002-02 (6/13/2002). A Board member is prohibited from improperly using his/her position to secure the donation of the cost of a meal, reception, or open house at a conference of an association of public officials and employees to which s/he or his/her Board belongs, while the Board member is simultaneously engaged in governmental business or regulatory activity directly affecting the related interests of the person solicited.

A Board member whose spouse is an employee in the District may not vote, authorize, or use the influence of his/her office to secure approval of an employment contract with his/her spouse. Neither may s/he vote, deliberate, discuss, or otherwise attempt to influence a collectively-bargained, negotiated agreement affecting his/her spouse if the spouse is an officer, executive committee member, or member of the negotiating team or committee of the employee organization or if the agreement includes provisions for health insurance under which said Board member is covered as a benefit of the spouse's employment.

0148.1 **Board-Staff Communications**

The Board of Education desires to maintain open channels of communication between itself and the staff. The basic line of communication, will, however, be through the Superintendent.

A. Staff Communications to the Board

Communications from staff members to the Board or its committees shall be submitted through the Superintendent. The Superintendent shall forward such communications received from staff members to the Board. This procedure is not intended to deny any staff member his/her constitutional right of free speech or the right to appeal to or otherwise address the Board on important matters through established procedures.

B. Board Communications to Staff

All official communications, policies, and directives of the Board of staff interest and concern to the staff will generally be communicated through the Superintendent, who shall also keep staff members informed of the Board's concerns and actions.

C. Social Interaction

Both staff and Board members share an interest in the schools and in education generally, and it is to be expected that when they interact at social affairs and other functions, they will informally discuss such matters as educational trends, issues, and innovations, and general activities of the District. However, since individual Board members are not authorized to act on behalf of the Board unless in open public session or when specifically vested with such authority, it will be considered to be unacceptable conduct for Board members to discuss individual personalities, personnel grievances, or other complaints with members of the staff. Instead, staff members should be encouraged to utilize the procedures, established in Board Policy or the collective bargaining agreement to have their concerns, complaints, or grievances addressed.
